## Financial Stability Strategic Investment Plan

Providing individuals and families the education, skills and supports needed to lead financially stable lives

**Estimated Funding Range:** 13-17%

**Target Population:** 14-18 year olds seeking supports for employment; At-risk adults 18 and older who are looking to improve and/or sustain their financial stability; and at-risk seniors seeking to maintain independence.

**Priorities:**

Children are equipped with the skills needed to make financially smart decisions throughout their life		Adults are equipped to support themselves and/or their families in a financially stable environment	Seniors are supported to lead independent lives
Grades: K-12;	Grades: 9-12 for youth employment	Adults 18 and older	Seniors
Unfunded: UW Staff support will be given for coordination of additional financial literacy education for children	Portion of focus:: 15-20% for youth employment;	Portion of focus:50-75 %	Portion of focus: 20-35%

**Priority: Children are equipped with the skills needed to make financially smart decisions throughout their life**

**Target Population (unfunded):** Students residing in Sangamon and Menard Counties.

**Target Population (funded):**-At-risk high school students (grades 9-12) seeking supports for employment

**Indicators:**

- Number of students accessing free financial education courses through depository institutions
- Number of high school aged youth reporting an increase in Financial Literacy and Money Management Skills
- Number of high school aged youth obtaining employment/work experience
- Number of high school aged youth who are utilizing banking institutions
- Number of high school aged youth reporting knowledge on managing credit
- Number of high school aged youth reporting knowledge on how to avoid predatory lending situations

**Strategy 1:** High School students will have access to high quality/evidence based financial literacy and money management training as supported through employment programs

**Outcomes (Must select at least one employment AND one financial literacy outcome to qualify):**

- # and % of students/youth identifying barriers to employment
- # and % of students/youth obtaining employment
- # and % of students/youth maintain employment for 90 days
- # and % of students/youth served who develop soft skills

**Outputs:**

- # of students served
- # of group workshops/training sessions administered
- # of one-on-one client sessions

- Average amount of hours worked
- # and % of high school students/youth showing growth in understanding of core financial literacy skills appropriate for their age and development
- # and % of students/youth that create a realistic budget
- # and % of students/youth who are educated on checking, savings and/or investment accounts at reputable financial institutions
- # and % of students/youth who establish a checking, savings and/or investment account at a reputable financial institution
- Per student/youth savings amounts will increase
- Others as appropriate

- # of assessments
- # of case management hours
- # of coaching hours
- # of mentoring hours
- Others as appropriate

**\*United way program funding can not be used to subsidize or provide wages for youth and/or clients**

When possible, United Way staff will also help to create linkages between schools/programs and depository institutions.

**Strategy 2:** Provide coordination of CRA financial education courses to help depository institutions serve more children

**Outputs Only:**

- # of programs coordinated
- # of students served

**Priority: Adults are equipped to support themselves and/or their families in a financially stable environment**

**Target Population:** At-risk adults residing in Sangamon and Menard counties who are seeking to improve and/or sustain their financial stability for themselves and/or their families
